

RUSSIA OFFICIALLY DECLARES TO THE POWERS WAR IS ON!

With France and Germany the Czar Acts as Though China Is at War with the Civilized World—Foreign Women and Children Ordered to Flee from Central China Points to Shanghai.

LONDON, July 19.—The action of Germany in prohibiting the Chinese Legation at Berlin receiving or sending telegraphic messages unless first submitted to the censor and the suggestion of the French Minister of Foreign Affairs that the exportation of arms to China be prohibited, generally regarded here as long steps in the direction of treating China as a State engaged in war, are supplemented to-day by the official announcement from St. Petersburg that certain portions of the Amur territory, including parts of the Khabarovsk district and the coast territory, as well as the towns of Blagovestchensk, Khabarovsk and Nikolauskursk, have been declared in a state of war since July 17.

Russia's announcement is regarded in London as at least foreshadowing a speedy, unconditional recognition of the fact that China and the civilized world, and the general opinion seems to favor such recognition as the best means of meeting the barbarian upheaval, while at the same time endeavoring to isolate the independent viceroys from the general conflagration.

The revelation of the ability of the Chinese forces in the north to stand their ground against the internationalists is producing the inevitable results in the south. At Shanghai it is announced officially that foreign women and children have been requested to leave the ports along the river.

Serious rioting has occurred at Poyang Lake, near Kiu-Kiang. Several missionaries have been killed and churches burned. The telegraph between Kiu-Kiang and Hankow is interrupted.

In connection with the story that Prince Tuan's forces have been ordered to proceed to Wei-Hai-Wei.

RUSSIA'S INTRIGUES.

Negotiating with Prince Tuan's Government Through Willy Li Hung Chang.

SHANGHAI, July 19.—Russia has been in secret negotiation with Prince Tuan's government, with the assistance of Li Hung Chang.

LONDON, July 19.—In a despatch from St. Petersburg it is stated that Russia's anxiety to minimize the alarming nature of the news from Manchuria is dictated by fears of the injury the confirmation of such news might cause in the matter of arrangements alleged to have been made in the United States for money with which to complete the Manchurian railroad.

RUSSIANS DEFEATED.

Driven Out of Tashihou by Boxers, with Heavy Losses—Yenchang Is Threatened Now.

SHANGHAI, July 19.—A horde of Boxers and armed peasants on the night of July 14 attacked and drove out the Russians from the town of Tashihou, near Nanking, while the Russians were engaged in building fortifications. The Chinese lost 100 men and the Russians were engaged in building fortifications. The Russians also suffered heavily. The Russian reinforcements are being rushed to New Chwang.

RUSSIA MENACES INDIA.

Concentrates Troops to North of British Possessions Despite the China Troubles.

LONDON, July 19.—The Russian Minister of War at St. Petersburg has issued several orders for the reorganization of the army.

Apparent effect of the carrying these orders, despite the trouble in China, is the concentration of troops in the north of India.

"RUSH THE OREGON TO CHINA," SAYS LONG.

WASHINGTON, July 19.—The Navy Department has received the following despatch from Capt. Wilde, commander of the Oregon, dated Kure, Japan, July 18:

"Oregon and Nashville arrived Kure 2 o'clock this afternoon. Expect to dock on the 19th. Shall I make permanent or temporary repairs? I would suggest putting on steel patches, which can be done in a very short time and ship go back to her duty at Taku. To make permanent repairs it will require at least sixty days, probably more. Not a single man injured in any way."

To this despatch Secretary Long at once replied as follows:

"Universal rejoicing over safety of Oregon. She is the Constitution of this generation. If safety of Oregon permits patch and go to Taku. I commend your preference for service there."

FOREIGNERS HIDING, JOHN FIND BELIEVES.

Comment on Chinese Situation by John Find, Who Speaks and Writes English Fluently and Who Is Manager for Chinese Tea Merchants.

I am sorry to hear, if it is true, that the Chinese Minister to Russia has been given his passport, for that, in my opinion, still further complicates the great trouble in my old country.

I hope it is not true, but I fear that Russia has only begun to show her hand. I don't believe all the dreadful news I read from Peking, and do not believe the foreign ministers have been killed.

The city has 1,000,000 population, and there were about 2,000 foreigners, every one of whom, no doubt, had Chinese friends who would protect them secretly in their homes.

Or, perhaps, some of the servants of the foreigners or some of the missionaries who were not very well known may have fallen into the hands of a plotless element there and been killed, but that the whole foreign element has been massacred I do not believe.

Peking is 200 miles from Shanghai. The foreigners are in hiding, the wires are down and no messenger can get through. That tells the whole story in this connection.

MISSIONARY'S TORTURE.

(Continued from First Page.)

of Li and a collar of iron fastened on his neck.

A short chain was attached and he was tethered to a stake. The Chinese men, women and children then poked sharp sticks into his flesh and jabbed him with tridents.

When he sank down, weak with loss of blood and half crazed by the awful torture, he was unable to get upon his knees even, the chain being made too short, and he was strangled slowly.

Mollen lead was then thrown on his naked body, and as he writhed in agony he was stabbed to death. His body was cut to pieces.

Robinson, the other missionary, was slaughtered without lingering as long in agony. He was cut down by a mob and hacked to pieces almost instantly. A number of the mission converts were slaughtered.

Some were asked to recant, and those who did so to save their lives were audited and granted and forced to crawl to the temple idols.

CHINESE LOST 3,000.

GALLANT NINTH SAVED BY BRITISH.

All Wounded Brought Out by Our Soldiers Under Terrible Fire.

(Copyright, 1900, by the Associated Press.)

SHANGHAI, China, July 19.—The following additional details of the allied forces' attack on the native city of Tientsin reached here to-day from the Associated Press correspondent with the allies:

TIENTSIN, Friday, July 13 (midnight), via Chefoo, July 16.—After a day of hard fighting, and having lain for hours in shallow, badly dug trenches full of water, and suffering from hunger and thirst, two battalions of the Ninth United States Infantry that participated in the attack on Tientsin retired under cover of darkness, British sailors assisting them to withdraw by firing volleys to cover their retirement.

The Americans brought out all

their wounded under a terrific fire. An official list of the officers wounded is as follows:

Ninth Infantry—Major Reagan, Capt. Bookmiller and Noyes, Lieut. Lawton and Lang.

Marine Corps—Capt. Davis killed; Leonard, Butler, Lawton (?) and Lemly wounded.

The total loss of the Americans was 140.

BERLIN, July 19.—A report has been forwarded by Count von Deden, Captain of the German second-class cruiser Hertha, of the capture of the native city of Tientsin by the allied forces. The report says:

"Shortly after midnight was experienced when the Americans, British and Japanese finally stormed the walled native city on the afternoon of July 13. Fighting was still in progress on the east side of the town, where the Russians were trying to seize a Chinese camp. On the morning of July 13 Russian flags were hoisted from the Chinese camp and citadel."

of the powers to totally destroy Tientsin. He appealed to Secretary Hay not to acquiesce in the destruction of the walled city, which would take 100 years to rebuild. Secretary Hay firmly refused to interfere. This Government is proceeding on the assumption that the envoys were massacred.

BERLIN, July 18.—German papers are advocating another dire stroke of vengeance. Peking should be burned down they cry. Officials say that the destruction of Tientsin will have a good effect on the Chinese pending the advance on Peking.

Li Hung Chang, it is said, had been in correspondence with the various Governments, and it is believed had appealed for leniency on behalf of Tientsin, its destruction being an act of vengeance against China as a whole, which is unable to suppress Tuan's rebellion.

The Pangs of Dyspepsia

We all have experienced those disagreeable symptoms of dyspepsia which make life such a burden. The heavy cutting pain soon after eating, the burning sensation in the stomach, heartburn and oppression of breathing. These are the most common symptoms.

Few disorders inflict upon their victims greater suffering and longer misery.

Abbey's Effervescent Salt is the natural specific for all these conditions. It immediately relieves the acidity of the stomach, stops the fermentation, and stimulates the secretion and muscular action of the stomach and bowels. By its use the normal action of the organs of digestion is re-established.

Abbey's Salt is made from the salts extracted from the juices of fresh fruits. It cures Constipation, Biliousness and all complaints caused by a disordered condition of the stomach and bowels.

The Wanamaker Store

A Condensing Sale in Our Bargain Shoe Store

A big bargain sale cannot continue all year 'round. We could sell the shoes; but we can't get them to sell. There are plenty of factories that would gladly make "cheap" shoes for us; but such shoes never come into the Wanamaker store at any price. By "bargains" we mean shoes that have more intrinsic value than the price we ask. Shoes made to sell for more than we get for them—and good shoes, always. The getting of such shoes to offer for sale can only be done when conditions favor; and such conditions only exist periodically. Our June Shoe Sale cleared the market of large lots for the season. Small lots we hope to obtain right along, but we need the space for other purposes and the Fifth Floor Shoe Store is to be made smaller.

There are many lines of shoes that are incomplete in sizes, and they wastefully occupy valuable space; so they are now sharply re-cut in price (many were already half price before) and the shoe floor is to be cleared.

There will be a little more trouble in finding sizes; but when the size is found you will have the greatest bargain ever offered, even in this notable Bargain Shoe Store.

There are still many thousands of pairs of distinctly summer shoes; and somewhere there is the exact shoe for every foot. These hints of the new bargains—ready at eight o'clock to-morrow morning:

Men's Shoes for \$1 a pair—May be, six hundred pairs in the lot—more or less, as we find them—have sold at \$1.20, \$1.40, \$1.90, \$2.30, though worth a half more than that. Don't expect every size in any sort, of course.

Men's Shoes at \$1.00 a pair—Black and tan kid skin, tan and brown willow and Russ a calf skin. The best goods of famous makers, the duplicates of which are now selling in thousands of good stores at \$3.10 and \$1 a pair. In our bargain sale we sold them at \$2.65 and \$2.30. Choose now at \$1.90.

Women's Tan Oxfords at \$1.30—Black ones, too; fine kid skin with flexible soles. Such shoes as always sell at \$2.

Women's Tan Oxfords at \$1.50—Finest kid skin, with turned soles; cool, graceful and comfortable footwear that would be closely priced at \$2.50.

Women's Tan Boots at \$1—Goatskin; stout soles with full toe and military heels. Splendid for sea shore excursion or mountain rambling; only D and E widths left, but all lengths.

Women's Tan Boots at \$1.35—Fine kid skin; lace, with light weight soles. Values are \$2.50 and \$3. Some fine black shoes in this lot.

Spring-heel Shoes for 85c and 95c—Stout shoes for small boys and sturdy girls; strong but good-looking.

Children's Shoes at 40c—The dollar kind and just right for now; sizes 6 to 8; black kid skin; lace and turned, with kid and patent leather tips; turned soles; light and cool and wear as well as the heavy ones.

Boys' Shoes at \$1.25—Black kid; lace; in the newest last, with stout extension soles; sizes 12 to 5 1/2. Good value at \$2.

Boys' Tan Shoes at \$1.50—Tan kid; lace; best grade with oak leather soles; regular prices \$2.50 and \$3. Sizes 12 to 2 at \$1.50; 2 1/2 to 5 1/2, \$1.75.
